Lake Constance

Interlude 1

Verse 1

Long days
after summer's gone
short nights
falling leaves are drifting
through the sun

Chorus 1

Eternal days are passing by
a lonely planet out of time
I just make nickels and dimes
and we never thought that one could be
as alone as you and me
a perfect chance for us to heal

Interlude 2

Verse 2

Lost ways
around a foggy lake
bus stops
that might take us far away
but we stay

Chorus 2

A prelude to a winter's score
fogs gather at the shore
I feel like I've been here before
but still the skys are wide and blue
a promise that keeps on holding true
and I'd still take a chance with you

Chorus 3

Eternal days are passing by
a lonely planet out of time
I just make nickels and dimes
and we never thought that one could be
as alone as you and me
a perfect chance for us to heal

Chorus 4

Na na na na
